Dear Friends of 4C,

Every year, we are driven to improve upon the programs and services available to meet our communities' needs. The days are often long as we diligently work to keep the topic of early learning services on the minds of those who invest in what we do.

For over 42 years, we have stood unwavering in our commitment “to empower the community to provide for its future through developing, coordinating, and strengthening programs that care for children.” It’s been a long road, and I’m honored to have been here to see the evolution.

We are thankful to have been able to serve over 55,000 individuals throughout the agency in the 2010/11 program year. Our Early Head Start Program has grown steadily since its inception in 2009, and children are more prepared to enter school ready to learn.

4C extends its hand to you to join us in our mission. Each parent, volunteer, staff person and donor keeps us committed to Caring for Our Future today.

Sincerely,

Colleen Gallagher

4C volunteers are an important resource because they extend and expand services and enrich existing programs. Whether assisting teachers in the classroom, planning program activities, or coordinating special events, our volunteers work today to build a better tomorrow.

All members of the community are invited to volunteer, including parents, students, seniors, and business leaders. If you have a genuine desire to make a difference, sign up today! Positions are available with flexible schedules. Training and support are provided to all volunteers. Call 407-532-4113 to sign up now!

Consider making a donation to support children and families in your local area. With programs ranging from Early Head Start to the School Readiness Program, your financial or in-kind donation will be maximized to its fullest potential.

Do you have gently used books, arts and crafts supplies, or other early learning toys you would like to give? Consider 4C as your beneficiary. Contact us at 407-532-4115 for more information. Your donation is tax deductible.

The first few years of life are critical to growth and brain development, creating pathways for learning. The early years are especially critical to language development, socialization, and complex thinking - important attributes for success in school and beyond.

Testimonials

As a single father with two little ones, I was overjoyed to get some relief with childcare. I don’t have any family in the area and with my own learning disabilities, I didn’t want my children to suffer. I’m so happy they are in an environment where they can learn.

Paying for childcare was the only thing I could afford before I received assistance. All of my other household bills had to fall to the side. Since I’ve received help, not only can I manage my bills, but I have more time to spend with my children.

Getting a divorce was difficult emotionally and financially. It was a long road to finding a stable job in this economy. I finally found the employment that has helped me provide for my family. Without help from 4C, I don’t know where I would be today.

Fun was in abundance as Friends of 4C tried their hands at roulette tables, slot machines, and a Texas Hold ‘Em Tournament. There was no shortage of food, fun, or sentiment, as a client expressed the impact of receiving help through the School Readiness program. The event raised $7,000 for quality improvement of programs and services.
